

AMENDMENTS TO THE SPECIFICATION

IN THE SPECIFICATION:

On page 5, please amend the heading on line 1 as follows:

DETAILED DESCRIPTION OF THE INVENTION

On page 6, please amend the paragraph at lines 1-4 as follows:

In operation, the spacer means 16 separates the conductor pairs ~~pair~~ 14 and maintains substantially constant spacing between the conductor pairs 14 along the length of the electrical cable 20. In this manner, the separation of the conductor pairs 14 results in increased crosstalk performance.

IN THE ABSTRACT:

Replace the Abstract currently of record with the enclosed new Abstract of the Disclosure.
